

A photograph of two snipers in a field. One sniper in the foreground is wearing a black cap and a brown jacket, looking through a scope mounted on a rifle. Another sniper in the background is wearing a camouflage beanie and a brown jacket, looking towards the camera. The scene is set in a desert-like environment with a clear blue sky. A large, dark green diagonal shape is overlaid on the left side of the image, containing the text and logo.

COURSE HOSTING REQUIREMENTS

| info@moderndaysniper.com

INTERESTED IN HOSTING A MODERN DAY SNIPER TRAINING EVENT AT YOUR FACILITY?

Need to know what our logistics requirements are?

We're always looking for new places to come and hold training courses to meet new shooters looking to improve their skills. Our requirements are pretty simple, and we've got them lined out below for your reference. If you've got any questions on something that's not covered in this document, make sure you reach out to us. Exceptions can always be made based on the situation and circumstance.

OUR GENERAL GUIDELINES »»

- We book a minimum of two classes back-to-back for mobile training events.
- We expect the course host to leverage their local area influence with regard to marketing for the course within reasonable limits.
- Our maximum course size is 10x shooters. Once the course reaches 8x registered shooters, the course host will receive 2x compensated course slots.
- Range MUST be able to accommodate 10x shooters on the firing line at one time, on both the 100 yard range and long range (if the ranges are separated).

TARGET AND RANGE REQUIREMENTS

- Range or Host must provide 11x paper target stands capable of holding 24" x 36" backers.
- Range or Host must provide a minimum of 10x steel targets of varying sizes from full-size IPSC to 6" rounds or squares. (We prefer to have 20x targets to minimize downtime spent moving targets.)
- Range must allow steel targets to be placed at varying distances. Traditional NRA Highpower ranges with target butts are unfortunately unacceptable.

CHOOSE FROM OUR COURSE LIST »»

- **Circle of Components Seminar**

2-Day | Level: Basic

- **The Technical Rifle Hunter**

2-Day | Level: Basic

- **Precision Rifle 101, Introduction to Long Range Shooting**
